

Medical Information & Letter of Acceptance

Date: 24.08.2026

Name of the Patient	Denis Shelenko
MRN	10247173
Gender	Male
Date of Birth	10/09/2019
Country of Residence/Citizenship	Ukraine
Name of the Legal Guardian	
Name of the Physician in Host Country	Dr. Arif Akbar Khan

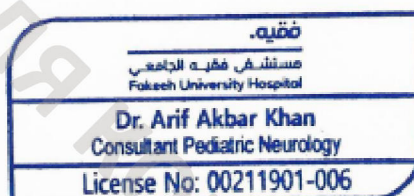

The parents of **Master. Denis Shelenko**, aged **6 years** has approached us and sought for **Elevidys GeneTherapy Treatment** at **Fakeeh University Hospital**.

After reviewing the genetic reports submitted by the parent, **Denis** is confirmed to have a neuromuscular condition called **Duchenne Muscular Dystrophy** and is **currently ambulatory**.

A mandatory lab test called **Anti-AAVRh74 antibody titres** was ordered which was **Negative**. This makes **Denis clinically suitable for Elevidys (Delandistrogene moxeparvovec) Gene Therapy**.

Any further questions may be addressed to the undersigned.

Sincerely,

Dr. Arif Khan
